Healthcare Brochure 2013

Nationwide Interiors is a trading style of **Nationwide Joinery Contractors Limited**

Introduction

From our establishment in 1975, we have steadily grown and developed a solid reputation for working in partnership with our clients and completing projects on time and on budget whilst demonstrating the strictest standards of safety and craftsmanship.

We employ an experienced and highly motivated management team and workforce and work to a model that has given the company a long history of successful contracts in the joinery and fit-out sectors.

Our client base covers both the private and public sectors in education, health, commercial, retail, residential and industrial. Familiar with all forms of contract, we have undertaken projects including traditional tendering, PFI, Design and Build and Management Fee Contracting.

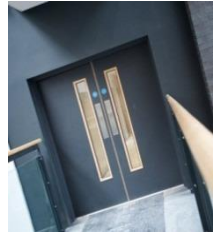

We have completed a number of challenging projects for clients on across the UK including Lend Lease, Sir Robert McAlpine, BAM, Morgan Sindall, Balfour Beatty & Willmott Dixon with values ranging between £250,000 to over £4,000,000.

Tiling | Timber | Carpet | Vinyl | Design Flooring

Screeding

Latex, Water & Gypsum Based | DPM | Priming | Power Floating

Our Capabilities

Fast Track Fit Out

From detailed planning to post-contract care, our aim is to utilise our industry knowledge and experience to deliver our clients a snag free project, on time and within budget.

With our sterling reputation for completing projects to exceptional quality, we have been involved in the turnkey delivery of prominent buildings from schools and hotels to offices and residential buildings.

We have considerable experience in working in occupied buildings and decanting staff, providing careful programming and scheduling, ensuring our client is able to carry out “business as usual” and essential services are maintained.

Refurbishment & Modernisation

We are fully capable of carrying out works to upgrade and modernise or to change the function of a building using the most efficient, sustainable and cost effective technology available, giving our clients complete peace of mind.

Our Management Structure

With over 35 years of successful trading under our belt, we believe that our employees are our greatest asset and can provide every project with a full complement of permanently employed operatives, supervisors, managers, contracts managers and surveyors.

We have found that our approach to the employment, on-going training and retention of our highly skilled workforce, we maintain an enviable list of satisfied clients and contractors and have the control over quality, delivery and cost that companies with a sub-contracted workforce can't offer.

Our staff retention is one of our proudest achievements, with over 80% of our staff being employed within the business for over 10 years and 35% of that figure having spent over 20 years working at Nationwide. Throughout this time we have completed many complex and challenging projects, including some very high profile "landmark" schemes, giving us an unprecedented and invaluable knowledge bank.

DETAILS

Project: Dudley Hospital

Client: Sir Robert McAlpine

Role: Fit-Out

Value: £3,800,000

Nationwide Interiors were awarded the fit-out package on this ultra-modern newly built hospital in Dudley, West Midlands.

Our awarded package consisted of the supply and installation of over 2,500 fully finished paint grade door sets, frames and ironmongery, architraves, skirting boards, window boards, reception counter tops and staff bases.

We also carried out the dry-lining, partitioning and an extensive suspended ceiling package utilising hygiene tiles and grid, all installed to high specification and conforming to the strict medical parameters set by the end client.

Repeat business

Health Continued

Rampton Secure Hospital | Derby **Costain | £890,000**

Our scope of works included the supply and installation of secure cell door sets, frames & ironmongery, secure glazed hardwood screens, shelving, architraves, skirting boards, window boards, dry-wipe boards, IPS panelling, vanity units and anti-ligature toilet cubicles.

We also carried out an extensive refurbishment on the existing staff offices and facilities.

Repeat business

Royal Infirmary | Manchester **Lend Lease | £4,800,000**

Our scope of works included the supply and installation of door sets & ironmongery, skirting boards, architraves, IPS panelling, WC cubicles, reception counter tops & staff bases, laminated window boards, glazed screens, moveable walls, privacy curtains and FF&E including patient wardrobes and storage units.

Repeat business

Ballamona Hospital | Isle of Man **Manx Government | £2,400,000**

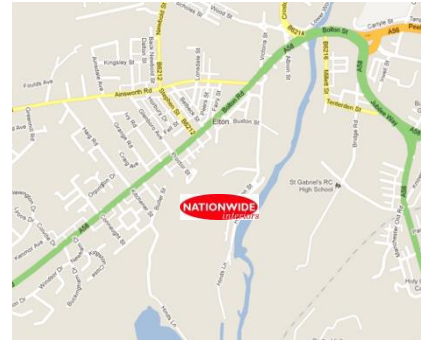

Our scope of works included the supply and installation of factory finished glazed maple screens, fire screens and hatches, maple veneered, laminated and paint grade door sets with ironmongery and specialist X-Ray rated doors.

Nationwide Interiors were also responsible for fire testing and certifying all of the screens.
