

**Marsden Heights Community College**  
Nelson, Lancashire

**Description**

Marsden Heights Community College was formed in September 2006, amalgamating two older secondary schools. The development is situated on two sites and the new purpose built college was completed in April 2010. The Elland Road site houses Year 7, 8 and 9 and the Hibson Road site Year 10 and 11. It houses 1,100 students aged between 11 and 16.

Nationwide Interiors remit on this project consisted of the supply and installation of door sets, including all ironmongery, glazed timber screens, skirting boards, window boards and architraves.

We were also awarded the complete fit-out of the toilet blocks, including IPS panelling, vanity units, bench seating, mirrors, toilet cubicles and associated FF&E.
